

# Meeting & Gathering Spaces

Your group meets where it stays. Every session, meal, and breakout happens inside your private chalet — no shuttle to a conference centre, no shared hallways with strangers.

*Our three brand-new luxury chalets sit directly beside each other, and each is a self-contained venue: an open-concept main floor for full-group sessions, a dining table that doubles as a boardroom, and the chalets next door for breakouts. Book one, or all three for groups up to 50 people.*

## The Open-Concept Main Floor

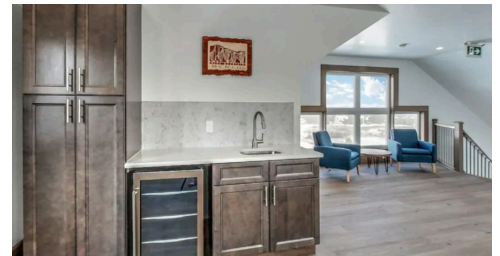

Great room, dining area, and kitchen flow together as one connected space — the natural home base for all-hands sessions, presentations, and evening debriefs. A wood-burning fireplace, big windows, **75-inch smart TVs that link to your laptop** for presentations and video calls, and Wi-Fi included. Comfortable, informal, and built for a group to spend the day together.

## The Dining-Table Boardroom

A long harvest table seats up to **16 board-style** — strategy sessions, working dinners, and focused meetings, steps from the kitchen for catering. The same table your team gathers around for meals becomes the table you make decisions at. Upstairs, a loft with a wet bar makes a natural breakout room — with additional tables, chairs and a smart TV.

WHEN 50 ISN'T ENOUGH

## Scale to the whole village
